# Moove In Self Storage Hires Freddie Pack as Regional Facilities Manager

York, PA - June 3, 2022-- Moove In Self Storage has expanded its facilities maintenance team with the addition of Freddie Pack as the regional facilities manager. Freddie joined the team in February 2022 and is tasked with daily upkeep and maintenance of 55 self storage self storage locations across six states as well as assisting the construction department with site assessments and special projects.

Freddie began his facility management career in the United States Navy in 1979, serving as the maintenance manager for Afloat Training Group Atlantic. During his time in the Navy he served on multiple frigates and destroyers deploying from Pearl Harbor and Mayport, to the North Arabian Sea, the Persian Gulf and the Caribbean. Freddie served as a navy instructor teaching master-level courses for sonar journeymen, as well as on-board anti-submarine warfare training and warfare exercises. While enlisted, Freddie was a surface warfare specialist, master-level acoustic analyst, nuclear weapons launch and destruct team member, and earned five Navy Commendation Medals.

After 23 years of service, Freddie retired in 2002 as a senior chief petty officer and sonar technician, and moved to the Philadelphia area. There he managed the maintenance and renovations at two large shopping centers, one in Philadelphia and the other in Lancaster. He then served as a regional facility manager for a retail store chain, managing their maintenance for more than 60 locations ranging from New Jersey to Florida.

When asked about his role on the team, Director of Development & Construction, Glen Iley had this to say, “With Freddie’s vast and extensive knowledge of managing different maintenance facilities, he will be a true asset to our team. He has already helped reshape how we execute our maintenance process to maximize our potential! Freddie always has a smile on his face and new ideas to help the team!”
